*The Pre-Medicine Post-Baccalaureate is a non-degree preparatory course of study for students who intend to apply for admission to Doctor of Medicine and other health care professional degree programs. As such, the students who complete their course of study generally continue their education in a professional degree program and do not seek employment upon completing the Pre-Medicine Post-Baccalaureate course of study. Consequently, the Placement Rate %, which is based on employment, is not reflective of the program's purpose of fostering further education in the medical and health care professions.

Of the 8 Graduates who completed their course of study in 2016, 7 enrolled in health care professional degree programs (87.5%), which includes 5 who enrolled in California Northstate University College of Medicine, and 1 who enrolled in California Northstate University College of Pharmacy. Of the 17 Graduates who completed their course of study in 2017, 13 enrolled in California Northstate University College of Medicine (76.47%), and 1 was accepted into California Northstate University College of Pharmacy but has not yet enrolled.
